ABOUT US

WHO WE ARE

Founded in 1986, a full house media agency that strives to provide exceptional and extraordinary content and tending to every need imaginable. Our extensive services include Audio & Video Production, Post Production & DI, Animation, Dubbing, and much more. We will provide everything you desire starting with concept development until they grow into full Executions and Productions. As one of the first private studios in Egypt to have such diverse services under one roof, we use the latest technology, software and equipment the market has to offer in order to maintain the top notch quality we guarantee to deliver.

OUR SERVICES

WHAT WE OFFER

- **Audio, Video & Film Production**

Short Feature film or a full cinematic production, do not burden yourself, we have the equipment and teams to do it. In collaboration with the rest of our departments, we can have your entire film project completed from script to screen, leaving your audiences in awe.

Whether you want to record an entire album or a radio show, we produce the highest qualities in Audio content using the latest audio equipment, with professional sound engineers. a studio equipped with 5.1 cinema surround sound, and another total of six finely tuned studios for whatever project you have in mind.

- **Radio Production**

One of the many types of content we produce in our Studios is Radio content, and in various languages for different stations. Whatever your content may be, we can deliver.

- **Post Production & DI**

Using the best technology can offer, our DI Davinci suite caters to all of your post production needs and in no time at all.

OUR SERVICES

WHAT WE OFFER

- **Dubbing**

With hundreds of hours of dubbing work and as one of our top services we provide the entire process including translation, adaption, dubbing, and subtitling. Our teams are handpicked to offer high quality products and content.

- **Animation/ 3D**

Whether simple videos, full animated cartoons or complete mockups and walkthroughs of your project, our teams will creatively bring your projects to life in a way even you could not imagine.

- **Advertising/ Branding**

For decades, like Audio & Video Production, Advertising and Branding have been the main pillars and services we excel in. Simple or sophisticated, whatever your needs are, we will deliver your message to the right people. Whether by creating a new brand completely from concept to implementation or simply creating a short commercial for your product, or even as far as your entire company portfolio, consider it successful with us.
